How can an alumni and development database measure engagement successfully?

Joel Trotman – Senior Business Consultant

Agenda

- Tell us about yourselves
- Company Overview
- Software Demonstration
- Q&A

Please tell us about yourselves

- What schools are you from?
- What is your current database?
- How long have you been using it?
- What do you like about it?
- What don't you like about it?
- Do you use an online community tool, if so which ones?
- What would you like to see alumni and development databases do better?
