

IDPE member special offer!

Bonus consultation session when you sign up for the Fundraising Focus Programme

To celebrate becoming an IDPE Corporate Partner I'm delighted to offer IDPE members a bonus 90-minute one-to-one consulting session if you book for the three month [Fundraising Focus Programme](#) before 9th January 2020.

School Development Offices are busy places: you're juggling a multitude of activities with a small team and a tight budget. I know first-hand how difficult it is to focus on important fundraising tasks, like building relationships with prospective major donors, especially when the weeks fly by.

The Fundraising Focus Programme helps school fundraisers become more strategic in their day-to-day decision-making as well as develop and implement a robust fundraising strategy. All with a firm focus on increasing income.

There are only eight places available to start in January 2020, so express your interest today and let's get your 2020 off to a more strategic start!

Deadline: apply and pay before 9th January 2020
