

## BURSARY IMPACT REPORT

### IN NUMBERS

In the two decades since the Bursary Fund was established, some 258 bursary recipients have passed through the School and gone on to make their way in the world.

How do you measure the impact of an MGS bursary? 253 of these bursary recipients went on to university – a remarkable figure. 210 took up places at elite Russell Group\* universities, with many gaining access to the most competitive courses. The diversity of the courses studied is testimony to the individuality and breadth of learning MGS fosters. The testimonials on the following pages paint another picture which is altogether more personal.
